TECHNICAL UPDATE: Model AWEX 16 P

Technical and commercial bulletin

N. 01/25 – 02/09/2025

Euro Cold Srl regularly updates its range of products and keeps improving its machines in terms of performance, flexibility; that is why Euro Cold Srl would like to advise its customers that, starting from the next orders, the AWEX 16 and AWEX 16S models will be combined into a single, updated model: the AWEX 16 P.

The new model will feature:

- RAL 7035 semi-gloss textured paint (like the whole of the Euro Cold range)
- Galvanized base (unpainted)
- Output as per the AWEX 16S, i.e. 3170 W
- Feet supplied as optional extras
- Shielded cables
- Dimensions: 520x250x660 mm

The changes between the two models are highlighted on the next page.

Please take note of this information and contact our technical or sales department for any clarification.
